Hello there,

It's been a bit.

I had an adverse reaction to a hemp based medicament, so I've been out of commission but I'm getting back to the swing of things! On the note of the adverse reaction, I'm thrilled to share that we have CBD coming to NV by the end of the year!!! I'm beyond excited!!!

Now, what have I been up to?

I'm still working through my relapse, hindered a bit further by the adverse reaction but I finally have my own homegrown meds to play with!

FECO (fully extracted cannabis oil) is currently brewing in the kitchen. Tried a bit & it made my brain light up like a fireworks display! Fascinating when I feel like I can trace my lesions!

Regarding Mary Medibles, I've most recently gotten the podcast going! There is currently a brief introduction and an episode on Apple Cider Tinctures.

I hope you'll check out the 2nd episode, in particular, & would love it if anyone would like to share their project photos in the comments!

Happy Croptober to all, and to all a good yield!

💚🍁💚

H.E.L.P.

Are you looking for information on medicinal cannabis?

Introducing the P. in H.E.L.P.!

P|odcast

Medicating with cannabis can be challenging- where to even start?!

Tune in to hear how Mary uses cannabis to treat her MS & how it can be used to help numerous other conditions. "Medicating with Mary" steps away from the recreational market & pulls back the curtains to show the gentle world of medicinal cannabis.

Make your journey with MMJ less stressful!
