

FECO Tincture

INGREDIENTS

3 oz bud
1.5L Everclear
190 (glass bottle)

COOK TIME

2-4 hours

SERVES

Up to you! :)

DIRECTIONS

INSTANT POT (recommended)

- Rinse or blanch your cannabis to clean
- Pour Everclear 190 into pot
- Break in cannabis with your fingers
- Cook on pressure cooker setting for 2 hours
- Strain with fine metal sieve or cheesecloth

CROCKPOT/SLOW COOKER

- Rinse or blanch your cannabis to clean
- Pour Everclear 190 into the slow cooker
- Break in cannabis with your fingers
- Cook on pressure cooker setting for 3-4 hours
- Strain with fine metal sieve or cheesecloth

It is recommended to reduce the tincture so it doesn't have that burning intensity.

AVOID FIRE COMPLETELY

USE AN ELECTRIC BURNER OR FAN TO EVAPORATE 1/2-2/3 OF THE ALCOHOL DEPENDING ON YOUR TASTE.

Less alcohol=less harsh!
